Joel,

Unfortunately, I was not aware of this, but Chris Burns is going to be out of the office until Wednesday. We should have something for you then

During our last conference call, we asked for a clarification of the operation and maintenance costs noted in the Town of Salina's proposal for the disposal of the Lower Ley Creek soils and sediments in the Salina Landfill. Because we anticipate releasing the Proposed Plan to the public very, very soon, it would be appreciated if you could provide us with this information at your earliest convenience.

Please let us know if you have any questions regarding the above.

Thank you for your assistance.
